Academic appointments

2025 – · · · · **Professor,** Dept. of Economics and Business Economics, Aarhus University

2019 – 2025 **Associate Professor,** Dept. of Economics and Business Economics, Aarhus University
Parental leave: Oct 2023 (full-time) and Sep-Dec 2024 (part-time - 80% leave)
Parental leave: Oct 2020 (full-time) and Sep-Dec 2021 (part-time - 80% leave)

2015 – 2019 **Assistant Professor,** Dept. of Economics and Business Economics, Aarhus University

Education

2015 **PhD Economics and Business Economics**, Aarhus University.

MA Social Science Data Analysis (with distinction), University of Essex .

2011 **MA Business Administration** (minor in German), Aarhus University.

2009 **Bsc Management** (minor in German), Aarhus University.

Current research interests

- Quantitative research methods (GLMs, Statistical inference, Sensitivity analysis)
- Meta Science (Statistical myths in management research, Replications)
- Computational Social Science (Machine Learning, Business analytics, Programming)
- Applications (Corporate finance, Social epidemiology, Public administration)

Selected Publications

1. B. Aczel, ..., **J. N. Wulff**, ..., and B. Nosek, "Investigating the analytical robustness of the social and behavioural sciences," *Nature*, vol. 652, pp. 135–142, 2026. DOI: 10.1038/s41586-025-09844-9.
2. S. Lonati and **J. N. Wulff**, "Hic Sunt Dracones: On the Risks of Comparing the ITCV With Control Variable Correlations," *Journal of Management*, vol. 52, no. 2, pp. 801–827, 2026. DOI: 10.1177/01492063241293126.
3. A. H. Tyner, ..., **J. N. Wulff**, ..., B. Nosek, and T. M. Errington, "Investigating the replicability of the social and behavioral sciences," *Nature*, vol. 652, pp. 143–150, 2026. DOI: 10.1038/s41586-025-10078-y.
4. T. Aabo, C. Pantzalis, J. C. Park, L. Trigeorgis, and **J. N. Wulff**, "CEO Personality Traits, Strategic Flexibility, and Firm Dynamics," *Journal of Corporate Finance*, vol. 84, no. 1, p. 102 524, 2024. DOI: 10.1016/j.jcorpfin.2023.102524.
5. **J. N. Wulff** and L. N. Taylor, "How and why alpha should depend on sample size: A Bayesian-frequentist compromise for significance testing," *Strategic Organization*, vol. 22, no. 3, pp. 550–581, 2024. DOI: 10.1177/14761270231214429.

6. **J. N. Wulff**, G. B. Sajons, G. Pogrebna, *et al.*, "Common Methodological Mistakes," *The Leadership Quarterly*, vol. 34, no. 1, pp. 1–24, 2023. DOI: https://doi.org/10.1016/j.leaqua.2023.101677.

7. A. R. Villadsen and **J. N. Wulff**, "Statistical Myths About Log-Transformed Dependent Variables and How to Better Estimate Exponential Models," *British Journal of Management*, vol. 32, no. 3, pp. 779–796, 2021, ISSN: 1045-3172. DOI: 10.1111/1467-8551.12431.

8. **J. N. Wulff** and A. R. Villadsen, "Keeping it within bounds: Regression analysis of proportions in international business," *Journal of International Business Studies*, vol. 51, no. 2, pp. 244–262, 2020. DOI: 10.1057/s41267-019-00278-w.

9. T. S. Guul, A. R. Villadsen, and **J. N. Wulff**, "Does Good Performance Reduce Bad Behavior? Antecedents of Ethnic Employment Discrimination in Public Organizations," *Public Administration Review*, vol. 79, no. 5, pp. 666–674, 2019. DOI: 10.1111/puar.13094.

10. **J. N. Wulff**, "Interpreting results from the multinomial logit model: Demonstrated by foreign market entry," *Organizational Research Methods*, vol. 18, no. 2, pp. 300–325, 2015. DOI: 10.1177/1094428114560024.

Research awards and honors

Awards

- 2026 AOM award for Best Paper in the Research Methods Division.
- 2025 Sage Publications/RM Division Best Paper Award Winner, AOM
- 2023 Sage Publications/RM Division Best Paper Award Nominee, AOM
- AOM award for Best Paper in the Research Methods Division.
- 2022 Academy of Management Fellows' Award for Responsible Research in Management.
- Top Cited Article 2020-2021 in European Management Review.
- 2018 Carlo Masini Award for Innovative Scholarship at the Academy of Management Annual Meeting (AOM).
- AOM award for Best Paper in the Research Methods Division.
- AOM award for Best Paper in the PNP Division.
- 2016 Finalist for Northeastern University Award for the Best Dissertation in IM, AOM.
- 2015 Finalist for the Fundação Dom Cabral Best Paper Award in Strategy / IB Theory, AOM.
- AOM award for Best Paper in the IM Division.

Grants

- 2025 AUFF NOVA. "Machine Learning in Finance: From Candlestick Charts to Interpretable Predictions". PI: Veliyev, B., co-PI: Wulff, J.N. Amount: $94,000 / DKK 600,000.
- 2020 AUFF NOVA. "Opening the Black Box: Making Machine Learning Interpretable for Organizational Research". PI: Wulff, J.N. Amount: $295,000 / DKK 2,000,000.
- 2017 MGTM Research Accelerator Programme. PI: Villadsen, A.R., co-PI: Wulff, J.N. Amount: $7,670.
- 2016 AUFF Supplementary Pool. PI: Wulff, J.N. Amount: $5,500.
- 2013 Ferdinand Sallings Mindelegat. PI: Wulff, J.N. Amount: $23,000.
- Reinholdt W. Jorck og Hustrus legat. PI: Wulff, J.N. Amount: $4,600.
- Augustinus Fonden. PI: Wulff, J.N. Amount: $3,070.
- Oticon Fonden. PI: Wulff, J.N. Amount: $1,500.
- Solar Foundation Research Grant. PI: Wulff, J.N. Amount: $7,660.

Research awards and honors (continued)

- Augustinus Fonden. PI: Wulff, J.N. Amount: $3,070.
- Solar Foundation Research Grant. PI: Wulff, J.N. Amount: $7,660.

2010
- Knud Højgaards legat. PI: Wulff, J.N. Amount: $1,500.

Software

Web apps
- A Bayesian-frequentist compromise for significance testing: Web app with suite for setting the significance level as a function of sample size using Bayes factors

R packages
- `alphaN`: Set alpha based on sample size using Bayes factors
- `biokNN`: Bi-Objective k-Nearest Neighbors Imputation for Multilevel Data

Teaching

Teaching evaluations

2024 – · · · ·
- Generative AI with LLMs (MSc in Business Intelligence, MSc in Data Science). Evaluations (1-5): 4.9, 5.0

2023
- AI for Business Intelligence (MSc in Business Intelligence, MSc in Data Science). Evaluations (1-5): 4.8

2021 – · · · ·
- Machine Learning for Business Intelligence 2 (MSc in Business Intelligence). Evaluations (1-5): 4.9, 4.6, 4.9, 4.9, 4.9, 5.0

2019 – 2022
- Bayesian Data Analysis using R and Stan (MSc in Business Intelligence, Msc Data Science). Evaluations (1-5): 4.8, 4.9, 4.6, 4.5

2019 – 2020
- Data Mining for Business Decisions. (Msc Business Intelligence). Evaluations (1-5): 3.9, 4.2

2015 – 2017
- Internationalisation of the Firm (Msc International Business and Finance). Evaluations (1-5): 4.8, 4.8, 4.9, 4.4

2014 – 2017
- Business Data Collection and Handling. (Bsc Business Administration). Evaluations (1-5): 4.8, 4.9

Teaching awards and nominations

2024
- Best Lecturer in Economics and Business Administration ("Den Gyldne Fugl") - Finalist

2018
- Aarhus BSS's Award for Lecturer of the Year, Aarhus University - Winner

2015
- Best Lecturer in Economics, Aarhus University ("Den Gyldne Pegepind") - Finalist.

Teaching courses

2023
- Bachelor's, Master's, and PhD Supervision for Associate Professors and Professors, Centre for Educational Development at Aarhus University,

2016
- Teacher Training Course for Assistant Professors, Module 1–4, Centre for Educational Development at Aarhus University,

Research Leadership

Postdoc

2021 – 2023 Benjamin D. Liengaard
Current position: Associate Professor, Aarhus University

PhD

2019 – 2022 Maximiliano Enrique C Alvarez
Current position: Postdoc, The Polytechnic University of Milan
Recipient of AUFF's talent award

2021 – 2024 Lau Abild Holgersen
Current position: Assistant Professor, Aarhus University

2021 – 2026 Camille Pedersen
Current position: Postdoc, Aarhus University

2024 – · · · · Julie Norlander Matthiesen

2025 – · · · · Jonas Theill Bøjstrup

Longer Research Visits

2020 Visiting Researcher, Drexel University, United States of America (*cancelled prematurely due to Covid-19*).

2013 Visiting Researcher, Vienna University of Economics and Business, Austria.

2007 International Exchange, Freie Universität Berlin, Germany.

Academic service

Editorial service

2025 – · · · · Editorial Board Member for the Consortium for the Advancement of Research Methods and Analysis (CARMA)

2024 – · · · · Methods Consultant for the Journal of Management Methods Task Force.

2021 – · · · · Associate Editor and Methods Advisor at The Leadership Quarterly.

Workshops & courses

2026 "Advanced Regression II: Binary Outcomes: Interactions, Endogeneity, and Panel Data". CARMA live short course (Lecturer).

2025 "AI and the Future of Organizational Research" at the CARMA New Doctoral Student Workshop (Panelist).

"Testing the Impossible? Advanced Sensitivity Analysis for Management Research" at the AOM annual meeting (Co-Organizer).

2021 "Fractional Regression Models" at the AIB conference (Organizer/Presenter).

Misc

2023 Session Moderator for the session titled "Robustness and Replicability: Limitations and Recommendations" at AOM.

Academic service (continued)

2017 — External member of the PhD committee for Nicola Eberhard, University of Queensland, Australia.

Reviewer — Journal of Management, Journal of International Business Studies, The Leadership Quarterly, British Journal of Management, Academy of Management Annual Meeting, Journal of Business Research, PLOS ONE, Behavior Research Methods, Organizational Research Methods.

Administration

2025 – · · · · — Member of the Academic Council at Aarhus BSS, Aarhus University.

2022 – 2026 — Teaching coordinator for the MSc. Business Intelligence programme at the Department of Economics and Business Economics, Aarhus University.

2022 – 2025 — Board member for Jubilæumsfonden and Fonden at the School of Business and Social Sciences, Aarhus University.

2020 – 2022 — Substitute union representative at at the Department of Economics and Business Economics, Aarhus University.

2019 – 2022 — Organizer of the Econometrics and Business Analytics Seminar Series at the Department of Economics and Business Economics, Aarhus University.

— Employee representative in the Local Liaison Committee at the Department of Economics and Business Economics, Aarhus University.

2019 – 2024 — Faculty representative at the AACSB and EQUIS Re-accreditation visits, Aarhus University.

2016 — Faculty representative at The Danish Accreditation Institution's institutional accreditation, Aarhus University.

Other education

Certifications

2023 — Generative AI with Large Language Models, DeepLearning.AI.

2022 — TensorFlow: Data and Deployment Specialization, DeepLearning.AI.

— DeepLearning.AI TensorFlow Developer Specialization, DeepLearning.AI.

2017 — Machine Learning specialization, University of Washington, US.

2014 — Data Science Certificate, University of Washington, US.

2014-2015 — Principles of Computing Specialization, Rice University, US.

2013-2015 — Computer Science Certificate, Massachusetts Institute of Technology (MIT), US.

Independent coursework

Courses — Statistical Learning (Standford, US), Computing for Data Analysis (Johns Hopkins University, US), Linear Algebra: Foundations to frontiers (The University of Texas, US), Calculus One and Two (The Ohio State University, US), Mathematical Biostatistics Boot Camp 1 (Johns Hopkins University, US), Learn to Program: The Fundamentals (University of Toronto, US), Pre-Calculus (University of California, US)

Other experience

2020 – · · · · External examiner within statistics and data analysis appointed by Det Erhvervsøkonomiske Censorkorps (Corps for External Examiners within Business Economics) for universities in Denmark.

2020 Data analyst for the Systematizing Confidence in Open Research and Evidence (SCORE) project.
